INTRODUCTION

The Virginia School Census is taken every three years (triennially) as prescribed by Sections 22-223 through 22-229 of the Virginia school laws. Each division superintendent is responsible for conducting the census in his school division and for filing the required summary reports with the Division of Management Information Services of the Department of Education.

One of the more important uses of the school census data is for the distribution of one cent of the state sales tax funds to counties, cities, and towns that operate as school divisions. Amendments to the school census and tax laws by the 1976 General Assembly changed the base upon which the one cent state sales tax is distributed. The amendments changed the base from the count of all persons ages 7 through 19 inclusive, to 5 through 19 inclusive, plus handicapped persons of ages 2, 3, 4, 20, and 21. Ages of all persons included in the census are as of January 1, 1978.
